Principal's Message

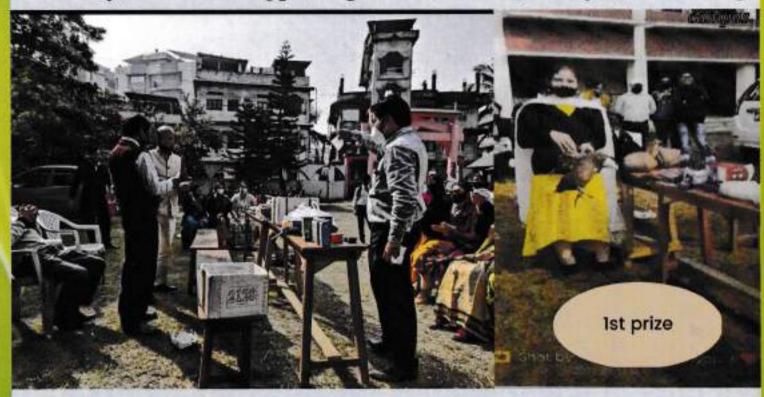

Quality is a by word for excellence in education. The assurance and sustenance of quality in higher educational institution is the primary responsibility of the Internal Quality Assurance Cell (IQAC). The purpose of this cell is to implement and internalize innovative and best practices in all the academic and administrative processes that define an institution. The West Guwahati Commerce College has been marching towards excellence in teaching, learning and other academic and coacademic activities. We could organize a number of workshop seminar and other extension activities to enrich student life in this campus. The clubs and committees formed in order to cater the special needs of students have been functioning well. I am extreme happy that the IQAC of our college is bringing out its first issue of news letter dedicated solely to matters regarding higher education and NAAC measures. I congratulate IQAC team for their efforts and hope that it grows efficiently with a high level of professionalism.

From IQAC co-ordinator

West Guwahati Commerce College. The aim of this publication is to keep you inform about the progress that the College has already made and the new initiatives and update concerning the sustenance and improvement of quality in higher education to be taken by the college. Our college is striving hard to focus on quality assurance, human brilliance, personality development and social concerns. In this regards, the role of Internal Quality assurance Cell (IQAC) is very vital which is making every effort to realise the mission and vision of the college. The news letter is a humble step towards that dream. I thank the management and esteemed colleagues for their dedicated work for the growth of this institution.
